ARZ CORP COMMISSION
DOCKET CONTROL

Memorandum

From the Office of
Chairman Bob Stump
Arizona Corporation Commission
1200 W. WASHINGTON
PHOENIX, ARIZONA
(602)542-3935

TO: Docket Control

DATE: February 7, 2013

FROM: Trisha A. Morgan, Executive Aide

SUBJECT: Comment Letters – In Opposition
TEP Rate Case E-01933A-12-0291

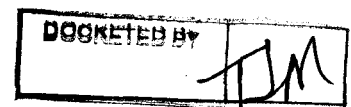

On January 25, 2013, the Commission Wing received, via fax, 281 letters in opposition to the above captioned docket. The letters are in response to communications sent by AARP. Be advised these letters were not distributed but that they are in the original file in Docket Control and available for your review.

tam

Arizona Corporation Commission

DOCKETED

FEB 07 2013

Jan 25, 2013

Commissioner Bob Stump
1200 W. Washington - 2nd Floor
Phoenix, AZ 85007

Honorable Commissioner Stump,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Mrs. Dolores Leslie
7435 N Camino De Oeste
Tucson, AZ 85741-1814

Jan 25, 2013

Commissioner Susan Bitter Smith
1200 W. Washington - 2nd Floor
Phoenix, AZ 85007

Honorable Commissioner Bitter Smith,

It often baffles me when the economy is in bad shape the use of energy decreases and that has been the case for the past five years. TEP has installed an infrasture of PV panels to meet the deadline of haveing 25% of the electrical energy available for resale yet they now want a community that has also lost jobs and individuals that have left Tucson, Pima County to pay for the meager returns of which have been still pretty good during these bad times.

The gas companies do this and local governments do this as a way to keep their jobs. As an example in Oregon the gas tax has been reduced so much that the State of Oregon is wanting to impose an additional tax on vehicles that have higher MPG"s. This same mentality is what TEP is attempting to do. Energy consumption of raw materials in our region has dropped and this increase is to line the pockets for their inefficiencies.

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

Honorable Commissioner Bitter Smith,

I am disabled and my only income is from Social Security Disability insurance. I find it remarkable that I am expected to budget within an annual cost-of-living increase (only recently reinstated after a multi-year suspension) while a major utility like Tuscon Electric Power seems not to have either the same requirement or ability. I understand costs rise even for major corporations, but a profit-making utility, acting as a monopoly, must address additional costs from its profits before coming to its captive customer base.

I would favor an increase no higher than this past year's COLA increase for Social Security recipients.

I look forward to reviewing your action.

Phoenix, AZ 85007

Honorable Commissioner Bitter Smith,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Mr. Jim Sweeney
8548 E Eli St
Tucson, AZ 85710-5949

1200 W. Washington - 2nd Floor
Phoenix, AZ 85007

Honorable Commissioner Bitter Smith,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Mr. Robert Cowles

1200 W. Washington - 2nd Floor
Phoenix, AZ 85007

Honorable Commissioner Bitter Smith,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Ms. PATRICIA GEEGAN
7055 N Camino De La Tierra
Tucson, AZ 85741-2416

Jan 25, 2013

Commissioner Susan Bitter Smith
1200 W. Washington - 2nd Floor
Phoenix, AZ 85007

Honorable Commissioner Bitter Smith,

Uncalled for. Unjustified. Unthinkable.

I haven't had a raise or cost of living adjustment for six years. What makes TEP think they deserve a 15% raise this year?

Please tell them, "No Way" They are greedy and are asking for far too much. The increase should be limited to the general rate of inflation.

I am counting on you to do the right thing and stop this greedy grab for more cash.

Sincerely,

Mr. Mark Hamblin

Phoenix, AZ 85007

Honorable Commissioner Bitter Smith,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Ms. Joan Rowland
5502 N Arroyo Grande Dr
Tucson, AZ 85718-5443

Phoenix, AZ 85007

Honorable Commissioner Bitter Smith,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Mrs. jane kwiatkowski
5169 N Pueblo Villas Dr
Tucson, AZ 85704-3717

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Ms. Sue Mason

Commissioner Gary Pierce
1200 W. Washington - 2nd Floor
Phoenix, AZ 85007

Honorable Commissioner Pierce,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Jan 29, 2013

Commissioner Bob Stump
1200 W. Washington - 2nd Floor
Phoenix, AZ 85007

Commissioner Commissioner Stump,

Please do not approve any ACC policy requiring water users to pay income taxes from the sales of water owed by the owners of private water companies.

Water is expensive enough as it is and rates for water keep going up. It is not fair to require water users to have to pay high prices for water and also pay some of the income taxes of the owners.

The Arizona Corporation Commission voted against this issue once before. That was the right thing to do then and it is the right thing to do now.

Consumers should pay fair utility rates, and not one penny more.

As an elected official, I'm asking you to please vote against requiring water users to pay some of the income taxes of the water company owners.

Thank you.

Sincerely,

Mr. John Radigan

Honorable Commissioner Stump,

Uncalled for. Unjustified. Unthinkable.

I haven't had a raise or cost of living adjustment for six years. What makes TEP think they deserve a 15% raise this year?

Please tell them, "No Way" They are greedy and are asking for far too much. The increase should be limited to the general rate of inflation.

I am counting on you to do the right thing and stop this greedy grab for more cash.

Sincerely,

Honorable Commissioner Bitter Smith,

I am one of the many retired teachers in this community. The Arizona State Retirement System has not raised our monthly check since 2004! Do you hear what I'm saying? My income has not been adjusted for inflation, or anything else, for nine years! I simply can't afford this increase. Please don't allow this to happen. If they must have an increase, please make it as small as possible.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Honorable Commissioner Stump,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Mrs. Nancy Criswell
3820 N Estrella Ln
Tucson, AZ 85705-3328

Commissioner Susan Bitter Smith
1200 W. Washington - 2nd Floor
Phoenix, AZ 85007

Honorable Commissioner Bitter Smith,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Mrs. Norma Marquez
5352 S Champion Stra
Tucson, AZ 85706-1339

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Mr. Jesse Greenberg

Commissioner Susan Bitter Smith
1200 W. Washington - 2nd Floor
Phoenix, AZ 85007

Honorable Commissioner Bitter Smith,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

PLEASE! Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much! I work in healthcare. We are always asked to cut waste, use supplies efficiently, and trim staff. Who can do that? No insurance company or Medicare ever pays us more but we have to figure out how to keep going. What about TEP?

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.
